

To determine the amount of any monetary obligation, for purposes of the default rule of decision in § 4.906 and 30 U.S.C. 1724(h):

(1) If an order asserts a monetary obligation arising from one issue or type of underpayment that covers multiple leases or production months, the total obligation for all leases or production months involved constitutes a single monetary obligation;

(2) If an order asserts monetary obligations arising from different issues or types of underpayments for one or more leases, the obligations arising from each separate issue, subject to paragraph (1) of this definition, constitute separate monetary obligations; and

(3) If an order asserts a monetary obligation with a stated amount of additional royalties due, plus an order to perform a restructured accounting arising from the same issue or cause as the specifically stated underpayment, the stated amount of royalties due plus the estimated amount due under the restructured accounting, subject to paragraphs (1) and (2) of this definition, together constitutes a single monetary obligation.
